**STANDARD OPERATING PROCEDURES**

**APPENDIX 2**

Classification: S&R Financial Matters	Policy No:	Date of Issue: 1 October 2015
SUBJECT: S&R SECTION FUND & CLUB MATCHES SUBSIDY	Drafted by: Finance Sub Committee (FSC) Reviewed and edited by S&R Convenor	Approved by: General Committee 30 September 2015

**Objectives**

The purpose of this Sports & Recreation (S&R) Section Fund (SF) and Club Matches Subsidy (CMS) Standard Operating Procedures (SOP) document is to provide a framework within which Sections can operate, and that Sections may establish their use of SF and CMS under agreed rules and guidelines.

There are two types of S&R Sections:

- (i) Membership based with Section Funds
- (ii) Membership/non-membership based without Section Funds

**1 Membership Based Sections with Section Funds**

1.1.1 These comprise a group of members with a common special interest in a particular S&R activity. Such members have vested interest in the Section they have registered for and contribute a monthly section fee (to be determined by Section Committee) to be used for the general good of all Section members.

1.2 Sections in this category currently include:

- (i) Balut
- (ii) Billiards
- (iii) Bridge
- (iv) Darts
- (v) Golf
- (vi) Lawn Bowls
- (vii) Squash
- (viii) Tennis
- (ix) Ten-pin Bowling

1.3 Apart from participants' fees and sponsorship, Section Committees' principal funding sources for activities are SF and CMS.

**2 Membership/non-membership Based Sections without Section Funds**

2.1 This is defined as a Section which may, or may not, have a register of members but where no monthly or other section fees are imposed.

2.2 Sections in this category currently include:

- (i) Scuba
- (ii) Swimming

2.3 Apart from participants' fees and sponsorship, Section Committees' principal source of funding for activities is CMS.

*The Tanglin Club Singapore*  
*Bye-Laws for Sports & Recreation Sections*

**3 Communication, Administration & Authority**

3.1 All Sections are expected to communicate on an on-going basis with S&R Sub Committee (through Section Convenor). This is to share information on activities, ideas, revenue generated, expenses incurred, provide members' feedback on issues of concern, make formal requests for assistance and help find solutions for any problems faced by sections.

3.2 S&R Department shall provide administrative assistance and support, including oversight of use of SF and CMS.

3.3 S&R Department shall be responsible for overseeing and administering any organised coaching or the provision of lessons within the Club through any hired professionals / professional companies, in consultation with sections through Section Committees.

3.4 The way in which Club facilities are used by members (and others), operating hours for various activities, any charges which may apply, and definitions of appropriate attire to be worn while using the facilities, are subject to direction from General Committee (GC). Section Committees may make recommendations in regard to these matters which are then considered by S&R Committee and, if approved, at that level by GC who will rule on them in consultation with management as needed. Once approved by GC these areas are administered by S&R Department and its appointed employees.

No Section Committee, Section member, Club member or third party shall have any authority in directing the use (or alternative use) of the Club's facilities, changing of charges, operating hours without the prior consent of S&R Department and S&R Convenor. As needed, these matters will be raised to GC by S&R Convenor.

It is recognised and accepted that some Sections have Section Committee members on duty to help/direct Club events / tournaments. For example, a lawn bowls Section Committee member is on duty at the green for Club events / tournaments and is responsible for items such as event format, direction of play, and players' compliance with dress code.

3.5 As users of the facilities, members are encouraged to help identify maintenance issues (or alterations to facilities) but changes may only be conducted with the approval of S&R Department.

Where required maintenance or alterations are not done in a timely manner Section Committees may escalate through S&R Committee and, if agreed, to GC.

3.6 Prior approval is required for sponsorship of Section events where Club's facilities or Club's name are to be used by a sponsor or a third party, or where there is an intention to use Club facilities for advertising or other purposes by a third party. Approval may be sought through S&R Department which will forward the request to S&R Convenor and, if agreed, to GC. (See Part 6 for information on facility or premises sponsorship or renting.)

**4 Section Fund**

4.1 The monthly Section fee, determined from time to time by the Section Committee with a majority of Section members' approval, accumulates in a Section Fund (SF).

4.2 Section members may enjoy preferential rates or subsidies for activities and events organised by the Section Committee or its delegates. Such subsidies are to be funded from the Section Fund.

4.3 Non-Section members and guests may be allowed to participate in organised activities and events but they shall not be subsidised by SF.

4.4 SF should be used to the maximum benefit of all Section members.

4.5 Authorised maximum single expenditure of SF is as follows:

(i) Section Convenor: up to \$500

(ii) Section Committee (subject to approved minutes of meetings): any amount

4.6 SF is kept by the Club in custody for Section members.

4.7 A monthly statement of contribution, use and balance of SF will be made available by Finance Department for the Section Committee's review, through S&R Manager.

*The Tanglin Club Singapore*  
*Bye-Laws for Sports & Recreation Sections*

- 4.8 SF balances held shall not exceed one year of Section member contributions without a plan for their use to the benefit of Section members. (Note: The intention of Finance Sub Committee (FSC) is to reduce this to six months, but there is recognition that some Sections are holding large sums in their SFs.)  
Further accumulation of funds for specific purposes is allowed as long as there is a plan for their use which is approved by S&R Convenor.
- 4.9 Convenors / Sub Committees shall provide a SF report of monies spent and planned spending to their Sections six months into their term of office, and a report of all SF spending during the year at their Section Annual General Meeting (AGM) or equivalent gathering. If there is no gathering, then an email containing this information must be sent out to all Section members copying S&R Manager and S&R Convenor.
- 4.10 SF can be used for the following purposes:
- (i) Food & beverages (F&B) during events
  - (ii) Prizes for events
  - (iii) Lucky draw for events
  - (iv) Any other expenditure for the benefit of the Section as endorsed by a majority of Section Committee

Any other cases outside the scope of the above mentioned shall be endorsed by the Section Committee and approved by S&R Convenor.

**5 Club Matches Subsidy**

Club Matches Subsidy (CMS) is intended to enable and subsidise Section members' participation in events recognised and planned for by Section Committees. This is intended to ensure that Club members can represent the Club in inter-club events, both internationally and nationally. **\*Definition of an Approved Event:**

5.8 CMS For Specific Needs Of Section:

Section Convenor / Section Committee may with the support of the S&R Convenor apply to GC for an additional CMS budget to cover specific needs of their games / sports to promote the activity within the Club. A justification should be provided why such costs cannot be funded from Section Fund.

5.9 CMS for a Replaced Event

In the circumstances that a planned approved event is cancelled, the CMS budget approved may be used for another unplanned or replacement event, subject to approval by the S&R Convenor and that the participation rate and the overall cost do not exceed the budget amount allocated for the cancelled event and sum to be used from the section fund is proportionate to that of the cancelled event.

5.10 CMS Contingency:

S&R Convenor will provide for a contingency amount not exceeding 5% of the total S&R Budget to provide for any urgent and unplanned activity of any sporting section which would be beneficial for the membership in general or prestige of the Club. This may include unexpected visits from other clubs. Use of such contingency must be reported to GC.

**6 Sponsorship / Revenue / Renting of Club Facilities and Premises**

*The Tanglin Club Singapore*  
*Bye-Laws for Sports & Recreation Sections*

- 6.1 Sponsorship and any other revenues received shall be kept in the relevant Section's Approved Income Account (AIA), and these monies may be used to subsidise approved CMS activities. Monies not used during any accounting year will be carried forward to the next accounting year with no loss.

Note: It is likely that there will be situations where certain monies (not CMS) received into AIA may legitimately be used to subsidise specified Section spend. For example, if a Section is holding its annual end of year social party, which should be funded from SF, it may choose to subsidise the costs of such parties through Section member fees, non-Section member fees and / or external guest fees. In such cases the monies received from participation fees may be used to offset the costs of running the event. Section Committees should keep in mind that the use of Club premises for S&R social activities is primarily intended for Section members and Club members. The invitation of large numbers of external guests to generate funds to subsidise these events is discouraged.

- 6.2 Renting of Club facilities and premises shall be recognised as Club's income. Any deviation shall be approved by GC through S&R Convenor on a case-by-case basis. Depending on the amount of work required by the Section to arrange and organise these activities, a portion of the revenue may be credited to the Section's AIA.

**7 Annual Budget**

- 7.1 Section Committees are required to submit an annual budget for CMS using a standard template provided by Finance Department with details of the planned use of budget for each event/game/tournament/activity, following guidelines prepared by S&R Convenor and approved by FSC. Section Committees are required to submit an annual plan for use of SF. It is understood that some additional unplanned activities and associated SF spend may occur on a case-by-case basis throughout the year.

Section Committees may also provide input through S&R Committee on proposed capital expenditure, refurbishment, maintenance, re-designation of use of facilities, or change to operations.

- 7.2 Section Committees are to provide their input regarding items in 7.1 in line with the Club's budget planning cycle. These are to be consolidated and endorsed by S&R Manager for review by S&R Convenor. This document shall be reviewed by FSC, and endorsed or otherwise, prior to its submission by S&R Convenor to GC for approval.

- 7.3 New Budgeting Round to evaluate impact

(i) All activities eligible for CMS should be budgeted on an annual basis, with a description of the event and an estimation of the estimated number of active participants.

(ii) Example of budgeting per Approved Event:
